APJCC Dance Academy Class Descriptions

Combo –Tap, Jazz, and Ballet (ages 2-3, 3-4, and 4-5 years)

Students will be introduced to age appropriate technique, movement and terminology of Tap, Jazz, and Ballet in one class! All dance classes will be technically structured using barre work (ages 5 and up), center floor combinations, across the floor movement, and dance routines. Classes advance and remain developmentally appropriate through each age level.

Pre-Ballet (ages 2-3 years)

We reveal the world of ballet through movement and music while using our imagination! We will incorporate age appropriate motor skills and creative movement to your little one's favorite songs!

"Zoo" mba (ages 2-5)

Calling all active jungle explorers! Learn coordination, balance, and flexibility while having fun. Kids will learn basic tumbling moves (such as somersaults, cartwheels, and back bends) associated with fun zoo animals. Dance with musical instruments while learning to balance like a flamingo, walk like a spider and much much more. This class will focus energy on role-play, discipline and coordination.

Ballet (ages 5-7 years)

We begin with Ballet, the basic foundation to all other dance forms. An introduction to rhythms, timing and fun! All dance classes will be technically structured using barre work, center floor combinations, across the floor movement, and dance routines.

Hip Hop (ages 5-7, 8-11, and 12-18 years)

Students will learn various styles of hip hop, working on coordination, isolation, and overall musicality. Classes will work on both hip hop basics as well as longer routines and will allow students to become confident in the stylized movements that compose this genre of dance.

Ballroom (ages 3-5, 6-11, and 12-18 years)

The BallroomKidz classes will give your child lifelong skills and lifetime memories. Our instructive dance program is designed to teach kids dance, teamwork, social etiquette, fitness, and healthy relating. We teach partner dancing plus a unique component of education, etiquette and exercise. At the completion of the program, your child will acquire basic ballroom patterns, rhythm, coordination, poise, social skills, increased self-confidence, and music appreciation.

Contemporary (ages 8-11, and 12– 18 years)

Contemporary classes offer students experience with the technique, choreographic experimentation and performance skills that make contemporary so exciting to watch and so much fun to do. The technique portion of class helps dancers develop the strength, coordination and flexibility needed to learn new choreography taught in class. This class is a great option for students who might want to audition for school/ community productions or who enjoy making their own dances.

The APJCC is located at 14855 Oka Road, Los Gatos, CA.
