

APJCC Swim Diaper Policy

All swimmers under 4 years of age are required to wear a **disposable swim diaper** *under* a **reusable swim diaper**.

Why?

Our diaper policy helps protect the health and safety of all swimmers. The disposable swim diaper provides one layer of protection, while the reusable swim diaper has snug elastic sides that help prevent leaks and diaper material from entering the pool.

We follow proper clean-up and disinfection procedures from the Centers for Disease Control. Any swim diaper "accidents" will lead to a pool closure that can last from 30 minutes to 24 hours depending on the type of contamination and area affected.

Our Swim Diaper Policy is in place to help ensure a healthy swimming environment and prevent unnecessary pool closures.

For your convenience, both disposable and reusable swim diapers are available for purchase at the Service Desk.

*All diaper changes **MUST** be done in the privacy of our locker rooms. Deck changes of any kind are not permitted.
