    - TMJ Syndrome

### **P H I L O S O P H Y**

It is important to connect the body, mind and spirit for a truly beneficial and relaxing experience. I pride myself on being intuitive and knowing how to read the body and people as a whole. I understand that receiving a massage is an intimate experience and I respect and take responsibility for anyone who is on my table. You cannot practice massage if you do not thoroughly enjoy doing it because it is something that requires your heart and soul.
